|                                   | Income                                                                                                                                                                                                                                                                                                                                    |  |  |
| Qualifying<br>Mortgage<br>Payment | The first payment of the loan. If the loan is interest-only, the borrower is qualified based on the interest-only payment.                                                                                                                                                                                                                |  |  |
| Calculating<br>Income             | The market rent provided by the appraiser must be based on a long-term basis (12 months).                                                                                                                                                                                                                                                 |  |  |
|                                   | For Purchase transactions:                                                                                                                                                                                                                                                                                                                |  |  |
|                                   | The rental income used for the debt service coverage calculation will be the lower of current rent listed on the appraisal and/or in the purchase contract or the market rent on the appraisal. If the unit is vacant 90% of the market rent will be used for that unit in the debt service coverage calculation.                         |  |  |
|                                   | For Refinance transaction:                                                                                                                                                                                                                                                                                                                |  |  |
|                                   |                                                                                                                                                                                                                                                                                                                                           |  |  |

|                                  | If the unit is rented the rental income used for the unit in debt service coverage calculation will be the lower of in place lease rent listed on the appraisal or the market rent on the appraisal. The lender must document two months receipt of rental income. If the property is currently rented and the rent receipt cannot be documented the lower of the in-place lease or 90% of the market rent will be used for that unit in the debt service coverage calculation. If the unit is vacant 90% of the market rent will be used for that unit in the debt service coverage calculation. If the unit is vacant service coverage calculation is addition, no more than 35% of the units can be vacant on a refinance transaction.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |  |  |
